# The Dockyard

Here at The Dockyard we pride ourselves on providing only the best in real ale from around the country. Our four guest pumps feature an extensive range of beer from IPA's to Mild's, Blondes to Stouts, Porters to Wheat Beer – we're big supporters of local breweries and microbreweries and most of our beers come from Manchester, the north-west and often right around the corner!

We occasionally like to go further afield, giving our thirsty patrons a nationwide offering of the weird and wonderful world of real ale.

Ask at the bar about the selection of guest and house ales available.

## A little bit crafty

The craft beer revolution takes pride of place on our blackboards behind the bar, with a wide range of world craft beers, lagers and ciders available.

Can't decide on just one?  
Choose any three thirds of craft or cask beers from our blackboards & front pumps for just £5.  
Ask at the bar for details.

And of course if you're still confused, we've found just drinking the stuff is much less stressful
